

80 Ton Rental Air Conditioner

CAT Stealth 80

The Most Complete Line of Packaged Rooftop Products

CAT's air conditioning units are self-contained and provide conditioned air for indoor or outdoor rental applications. Units are sound attenuated and are equipped with high efficiency scroll-type compressors which allow for cold starting—no preheat required. Our air conditioning rental units have been used for cooling hot spots in manufacturing, cooling overheated transformers, and for overheated motor control centers and data centers.

Product Features

- 4×20 in. Round Supply
- 4×20 in. Round Return

Product Specifications
