

DRI-EAZ LGR 3500i Dehumidifier

Supersize your dehumidification

The Dri-Eaz LGR 3500i portable dehumidifier provides industry leading performance in a highly durable and portable package. Using built in sensors, the unit automatically adjusts its operation to maximize performance in high or low humidity conditions, and the electronic control panel clearly displays humidistat settings plus real time inlet and outlet temperatures and relative humidity conditions.

PRODUCT FEATURES

- Groundbreaking water removal rate – 170 pints at AHAM
- Automatic humidistat control
- Displays inlet and outlet temperature and RH for easy monitoring
- Digital control panel with plain English system messages, not codes.
- Rugged Dri-Eaz rotomolded housing is easy to maintain and won't mar furnishings.
- If power is interrupted during operation, the unit will automatically restart when power is restored. (115V models only.)
